

OUR ALMA MATER

MAPLE AVENUE SCHOOL

Mrs. Margie Horton
Principal

TO THE GRADUATING CLASS OF JUNE 1972:

It is with mixed emotions that I say good-bye to you. This has been a year filled with many new experiences. Together we have rejoiced over some special achievement which you have attained, and our hearts have been saddened over the failures and disappointments which are inevitable along life's way.

There were times when it was necessary for me to give verbal reprimands when you did not measure up to your expectations, and sometimes stronger discipline had to be administered, but always with love and understanding.

As you leave Maple Avenue School, you are taking with you nine years of hard work on your part, and also hard work on the part of the many teachers with whom you have been privileged to come in contact over these years. Never forget the sacrifices and struggles which your parents went through to make it possible for you to reach this first milestone of life.

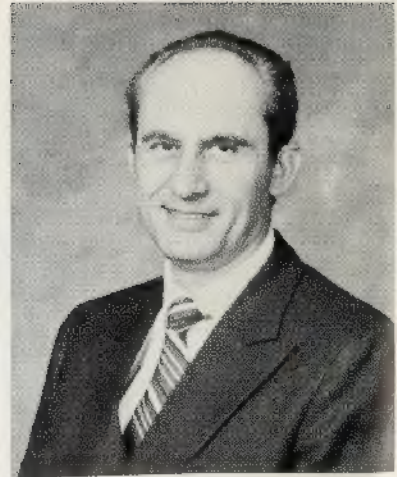

You are now entering a new phase of your existence, but I am sure you will succeed if you will keep in mind that the road to success has many disappointments and sometime failures. These may be overcome and in many instances they may be used as stepping stones in reaching higher horizons.

Good luck and may God bless you.

Margie Horton (Mrs.)
